2023

We are a Polish manufacturer of wooden floors with over 50 years of tradition. We have our own carpentry workshop, assembly teams and specialists supporting you in choosing a floor that will serve your family for decades.

We offer a wide range of patterns, colors and types of parquet. We are able to prepare the floor to fit perfectly your preferences. We also provide maintenance, renovation and repair of wooden floors.

# Pattern book

Wood is a remarkable material that can be used in many different areas. Considering that everyone is different and everyone likes different things, we would like to offer you the opportunity to choose a floor that will perfectly fit your expectations. We are able to create unique interiors with the help of your imagination.

In our pattern book we have collected a wide range of patterns, colors and board laying combintions.

## Types of parquet laying
